Its 501EC7 A6EJNS00, which is CASE DEVELOPMENT, which is for existing searches.

QV is for....New PRP Searches.

Cost associated with PRP search activities at NPL and non-NPL site and/or removal action sites.

Includes case development, information gathering, interviews, document review and preparation.

(THIS CODE SUPERSEDES NS AND RP) Do you want to add A6EJQV00 into COMPASS for site charging???

Yes No

Can you tell me what Bob Werner is charging to for CES?
I think we should add QV to the action codes for this site.

Robert:

What are the available PRC Codes and Project Descriptions that loaded and can be used for this site?

Is there are regular enforcement PRC with 2 digit code that can be used when you are monitoring site activities and gathering information from facility personnel?

Thanks
